On the Lebanon Branch—Train Captured and Burned.

Yesterday, about 2 o'clock, the train on the Lebanon branch was captured at Hope, a station about twenty miles below the Junction, on the Lebanon Branch, by a party of one hundred guerrillas, under the command of Richardson. The train left at 1 o'clock yesterday, and when near Hope was fired into by some guerrillas, who were concealed. The engineer pushed forward, in hopes of getting out of their hands, when the locomotive struck some obstructions that had been placed upon the track, which threw the train off. Luckily no one was injured, either by the shots or by the train being thrown from the track. The guerrillas, as soon as the train was thrown off the track, rushed forward and took possession of it. They then set fire to the train, which, with a passenger car and the baggage car, was completely destroyed. The locomotive was considerably damaged by being thrown off the track. After firing to the cars they commenced robbing the passengers, and after taking from them everything of value they had, the band cut-throats left, but in what direction we were unable to learn. As far as known, they did no damage to the road.

What will our patrons along the line of the Louisville and Frankfort railroad do for their papers? Who can better answer the question than themselves? We suggest that, if the ordinary mail facilities are restored, runs at Woodlawn be supplied for the rest of the week, and that the papers be sent to St. Matthews' postoffice, and from there to the second toll-gate—Hobbs', O'Bannon's and Smith's stations along the Middletown postoffice. If the runs of the vicinity of Hobbs' depot were to be sent to Middletown and get packages for that place and the points above, to Smith's inclusive, and leave them at depot, and the people from the vicinity of Middletown would dispatch a messenger from Hobbs' for their own and Smith's, the citizens near Smith's make a similar arrangement to send to O'Bannon's, it would be to the advantage of all. Cannot such an arrangement be jointly made by patrons their own accommodation? Similar arrangements can be made for other points above. What say those men cut off from the line?

POLICE PROCEEDINGS—Thursday, Oct. 8.—On Sullivan, charged with shamefully abusing his family—bone of his bone and flesh of his flesh; he gave his wife a good thrashing. He was discharged, as it was nipped and taken between. Pat Conally, charged with stealing pants, cut ready for the needle, worth over \$4, as a tailor by the name of Meyer; proof not sufficient, and he was discharged. Pat Murphy, drunkness and abuse of his family. They were provided for by officer, and Murphy was provided a home the workhouse for two months, in default of \$100.

Richard Phillips was arrested for assaulting a lady; examination waived, and he gave a \$1000 bond. A peace warrant by Frank Girard vs. John Charn.

Mary Gallagher was very drunk; she has a child walking in the mud. Discharged. Thomas Meyers, a free negro well known in the community, was killed by H. W. Hawes.

CITY COUNCIL.—At the meeting of the City Council last night, a committee of two from the Common Council and one from the Board of Aldermen was appointed to devise some means of procuring fuel for the city, the committee to report at the next meeting of the council. It is to be hoped that this committee will take such steps as will relieve the wants of our citizens at the earliest possible moment. A resolution passed both Boards at the next meeting the Council go into session for the purpose of electing a city inspector, keeper of the workhouse and interpreter of the City Court. Without meeting any other business of importance, the Council adjourned to meet again next Tuesday night.

At a meeting of the "Trades' Union League of Friendship," held at their hall, corner of Sixth and Court Place, last evening, the following officers were elected: President, Robt. Gilchrist; Vice President, M. Talmage; Recording Secretary, A. S. Goff; Corresponding Secretary, J. W. Goff; Financial Secretary, W. H. Holman; Treasurer, D. McDonald.

LOUISVILLE THEATRE.—The "Merry Wives of Windsor" will be laid aside for this evening, and at the special request of his numerous admirers, Mr. Hackett will repeat his performance of Falstaff, in "King Henry Fourth," for his benefit, to be followed by the "Two Husbands," and to conclude with Master Angelo and Signor Montecchi.

THE CONCERT LAST NIGHT.—The concert at the Masonic Temple last night for the benefit of the orphan and destitute, was well attended by the elite of the city. The concert songs were well sung, and all were well pleased with the performance. We heard many a wish that the concert should be repeated at some future day.

GOD'S THEATRE.—The thrilling drama of "The Dead"—this little item tells the story of a miser, having been well received the past four nights, will be repeated this evening, together with the new of "Naomi," for the benefit of Mrs. Walcott. The bill is a fine one, and we hope to see the house well filled.

Mobile's manager closed their concert in our city last night. The audience was large—the extensive pavilion was crowded. They next perform at Charleston, Indiana, and we can recommend them to citizens of other places as the best show travels.

MR. MURPHY.—Mr. D. P. Fausch has laid on a table two beautiful pieces of music, which as just published: a capital parting song "Will I Stay—We May Never Meet"—and "La Belle Rodone," by an amateur.

"Owing to the trains failing to connect, these yesterday without our Eastern friends."

R. S. Lutenhill has our thanks for the little papers in advance of the mails.

THE CAPTURE OF GLASGOW.—From a gentleman just from Glasgow we learn some further particulars in regard to the capture of that place on Tuesday morning by Captain Hughes. It appears that the rebels, one hundred and ten strong, made a dash into the place, taking our men completely by surprise, and, panic stricken, fled without firing a gun. The rebels captured ninety prisoners with arms and horses. Our forces were under command of Major Martin, of the Thirtieth Kentucky mounted infantry, who, with undaunted courage, seized a Henry rifle and from the window of the hotel fired sixteen shots into the ranks of the rebels. Lieutenant Chenoweth also exhibited great daring and bravery in standing by Major Martin and firing upon the advancing enemy. A number of rebels were seen to fall, who were carried away by their friends. Owing to the cool daring displayed by the Major and Lieutenant the rebels were put to flight, leaving upon the field a Lieutenant, who died the same day at the Royal Hotel. Major Martin afterwards rallied his men, and started in pursuit of the flying rebels. He overtook them a short distance from the town and succeeded in recapturing the prisoners the rebels had taken, and also the Henry rifle.

The report that the rebels had robbed the bank and the stores is untrue, as they were driven off before they had a chance to do so. Major Martin deserves great credit for the cool bravery he displayed on the occasion.

The late battle-field in Georgia is said by a correspondent of the Atlanta Intelligencer to have extended ten miles, and to have exceeded in point of carnage Chancellorsville, Gettysburg, Murfreesboro or Shiloh. The field by moonlight is depicted as picturesque and terrible beyond all description, the glittering beams shining on the faces of the dead, distorted in expression from the wounds of their torn and mangled bodies, with heaps of the wounded and dying, with scattered arms strewn everywhere, with broken artillery, carriages and caissons, dead horses and all the debris of a bloody contested field. This writer confirms the account which we have from our own sources, concerning the unequalled roar of the artillery.

HOMICIDE.—An unfortunate difficulty occurred Wednesday in Salem, Washington county, Indiana, resulting in the death of one of the party. It seems that John Redman, one of the railroad employees, was in a crowd defaming one of the daughters of Jas. F. Perisse, Esq., of that place. One of the brothers of the young lady assailed Mr. Jas. Perisse, coming up at the time, overheard the remarks of Redman, and immediately resented the insult—striking him over the head with a club. Redman fell, his head striking the curb, sustaining a severe wound, of which he died in about two hours.

The counterfeiter East have commenced issuing counterfeit money on Eastern banks. These bills may soon be expected in the West to buy corn and other produce. It would be well to watch this money closely, and to reject all of it that you are not sure is good.

THE McMINNVILLE PRISONERS.—The force captured by the Confederates at McMinnville was composed of the following regiments: Second Indiana, Second Ohio, First Wisconsin, Fourth East Tennessee, and two battalions of the Second East Tennessee.

A letter from Grayson county adds a postscript that the tobacco has been injured to the extent of one fourth of the crop in that county by frost. The corn also was injured.

Colonel C. L. Duhamel has been ordered from the post at New Albany to report to General Burnside. Major T. W. Fry has been appointed to take his place.

There was a rumor in Nashville Wednesday, that rebel cavalry had made a raid upon Lawrence, on the Nashville and Chattanooga railroad.

John H. Bryant, of company C, Fifth Kentucky cavalry, died in the hospital at Nashville on the 7th.

Mr. Milbolland, the Adams Express messenger, has our thanks for St. Louis papers.

HEADQUARTERS, LOUISVILLE, KY., September 24, 1863. EXTRACT.

The Louisville and Nashville railroad company being unable to obtain sufficient labor to supply the road with the quantity of firewood required to do government business, it was deemed necessary to impress five hundred (500) negroes from the negro population of the counties through which the road passes, and in which the firewood is required. By direction of the Department of War, the draft is to be made in the same manner as directed by General Orders No. 41 from these headquarters of the railroad company, and the commander of the post at Bowling Green will impress the negroes in Warren and Simpson counties. The commander of the post at Manassasville will impress the negroes in Hart, Warren and Hardin counties, and he hereby charged with the execution of this order.

The authorities of the railroad company are to inform the commanders of said posts of the quantity of wood required in each locality, and the number of men and teams required to get out the same. The men and teams impressed shall be placed in charge of the railroad company, who shall pay the owners of the same a reasonable compensation for the services rendered. Upon the proper certificate of the railroad company's officer, exemptions shall be given to the negroes of those parties who have agreed to furnish the railroad company with firewood, and also those who may prefer to hire their negroes to parties having a contract with the railroad company for the delivery of wood. For every twenty cords of firewood to be delivered by contract per month, one negro shall be exempted. Negroes impressed under this order shall also be exempted from work on military railroads, to other parts of the State, for which a draft will be made hereafter. The railroad company shall have the right to use any and all the line of the railroad by paying to the owners thereof a fair compensation. This order is also applicable to the contractors of Bowling Green, Jefferson, and Lieut. Col. J. N. Sikes, Sixty-third Indiana Vols., commanding at Shepherdsville, is charged with the execution of it in those counties.

T. S. BISH, A. A. A. Gen'l. Extract from General Order No. 41, to which reference is had in the above order.

IV. In order that the impressment may not hinder and materially injure the cultivation of the harvest and gathering of crops for the subsistence of the country, it is ordered that when a citizen has but one male negro laborer he will not be impressed under this order. In case a person has four male laborers and over, one third of them are impressed by this order.

OFFICE OF THE QUARTERMASTER GENERAL, FOR THE STATE OF KENTUCKY, FRANKFORT, KY., Sept. 19, 1863. It is hereby ordered that all citizens who have received arms, either from the State or General Government, will report the same, by letter, to this office, on or before the 1st of October, and other officers of "State Militia," and "Home Guards" will report, without delay, the number of arms received from every source, the disposition made of the same, and in whose hands said arms now are. This order includes the arms known as "Lincoln guns." A strict compliance of this order will obviate the necessity of sending an officer into every house, where arms are known to have been carried.

By order of the Governor, S. G. SUDARTH, Quartermaster General.
